IPA	Montenegro	Strengthening controls and border inspection, as well as legislative alignment and implementation practices in the area of animal health and animal welfare, plant protection and GMOs (related to Chapter 12)	A Full-Scale Twinning project focused on the 1) implementation of official controls across all sectors, including border inspection, 2) the area of animal health and animal welfare, 3) area of plant protections and 4) GMOs. The objectives are: 1. To strengthen institutional capacity through targeted and comprehensive training programs, equip the competent authorities with up-to-date knowledge of relevant EU legislation, risk-based inspection methodologies (document based), and enforcement procedures according to Regulation 2017/625, and ensure the effective alignment of national legislation with the EU acquis. 2. To provide focused and specialized support to the competent authorities in strengthening their capacities to implement and enforce EU legislation in this field. This would include advancing knowledge of disease prevention and control, animal identification and registration systems, movement controls, as well as the enforcement of animal welfare requirements across all relevant sectors, in full alignment with the applicable EU acquis. 3. To enhance the administrative and technical capacities of the competent authorities in planning and applying risk-based inspections, strengthening monitoring and surveys systems for plant pests, and ensuring the proper enforcement of legislation governing pesticide authorization, use, and residue controls, in full compliance with the relevant EU acquis. 4. To prepare MNE authorities to implement new GMO Regulation.	Directorate for Food Safety, Veterinary and Phytosanitary Affairs (AFSVPA), which operates under the Ministry of Agriculture, Forestry and Water Management	1,500,000.00	Q3-Q4 2026
		Support to regulation of financial services	The Overall Objectives of this action is to support Montenegro's progress towards full integration into the European Union. The Specific Objective (Outcome) of this action is to strengthen the capacity of Montenegrin institutions, such as the Central Bank (CBCG), Insurance Supervision Agency (ISA) and Capital Market Commission, by equipping them with the necessary tools, expertise, and resources to effectively regulate and oversee financial markets. This includes improving their ability to draft, implement, and enforce EU-aligned legislation.	Central Bank of Montenegro, Insurance Supervision Agency, Capital Market Authority (Ministry of Finance as stakeholder but not recipient of assistance)	1,150,000.00	Q4 2026
		Strengthening Institutional and Operational Capacities for the Implementation and Enforcement of the EU Acquis on the Free Movement of Goods	The overall objective of the project is to strengthen Montenegro's capacity to effectively implement and enforce EU rules on the free movement of goods. The project will improve the work and cooperation of the responsible institutions, strengthen the quality infrastructure and market surveillance system, and provide practical support and training to staff. It will also help Montenegro prepare for participation in relevant EU systems and ensure that products placed on the market meet EU safety and quality requirements.	Ministry of Economic Development	1,200,000.00	Q4 2026
		Support to the implementation of the consumer protection and product safety acquis	The proposed project would take a horizontal approach, covering the entire consumer protection system, including the Ministry of Economic Development, the Market Inspection, sectoral regulatory authorities and other competent enforcement bodies. It would focus on strengthening administrative and enforcement capacities, improving coordination between institutions, supporting the implementation of the consumer protection and product safety acquis, and ensuring the practical application of the new legislation (foreseen in the adopted Administrative Capacity Strengthening Plan under Chapter 28 approved by the EC)	The Ministry of Economic Development, the Market Inspection, sectoral regulatory authorities and other competent enforcement bodies	1,000,000.00	Q3-Q4 2026
		Support in the field of company law, business registration, registry governance and BRIS readiness	The project should support the practical implementation of the new legislative framework, including BRIS interconnection, EUID implementation, structured registry data, electronic registration workflows, recognition of foreign electronic signatures, registry governance, data quality, user guidance, and alignment with future EU digital company law developments	Central Register of Business Entities, the Ministry of Economic Development, the Ministry of Finance	250,000.00	Q3-Q4 2026
